Certified Memberships

Fire Ant is a proud member of:

Meet the Owners

Ed and Sara incorporated Fire Ant Contracting in 2008 with a vision for creating the best luxury home renovation company in Calgary.

Ed came from 7 years' experience in the new homebuilding industry in Calgary after working for his family's renovation company in the UK. Ed enjoys building relationships with our valued client homeowners and seeing their dreams for their homes become a reality. Ed is constantly educating himself on the latest building codes and innovations in the industry to keep Fire Ant on the forefront of new building and renovation best practices.

Sara moved to Canada from the UK in 2008 from a design and business management background with an honours degree from Nottingham Trent University. Sara manages the Fire Ant office which includes liaison between our clients, trades, suppliers and employees.

'Family' is at the centre of Ed and Sara's lives being the proud parents of three young children.

References

We have lots of happy customers! Ask us for references, we are happy to supply you with 50 if you would like! We are very proud of our list of delighted Fire Ant clients who are more than happy to share their great experience and beautiful homes. Please ask them if we kept on budget and on schedule.

Ask us to see a project! Photos are one thing but with Fire Ant you can view a project in progress as well as completed projects to see for yourself the level of excellence we adhere to.

Ed and Sara look forward to working with you to create your dream space.

LUXURY LIVING

Bringing a fresh 'West Coast' feel to a sought after neighbourhood in North West Calgary. A full home renovation with an addition completely transformed this home; stunning painted and walnut combination custom cabinetry creates a luxurious space for this busy family. Each aspect of this home was carefully considered and designed specifically for its aesthetic and practical purpose. Entertaining friends and family is a delight in this large open space.

RELAX AND ENJOY

A bespoke walnut entertainment unit in the completely renovated basement; custom storage space, a wall mounted television and a built in electric fireplace.

LUXURY SPA ENSUITE

A 'Wow' floating walnut vanity. This ensuite has an oversized custom shower with deluxe fixtures and a quartz topped shower bench. The state of the art bath tub is equipped with relaxing chromatherapy technology.

AN ENSUITE TO REMEMBER

An Asian inspired ensuite retreat. We completely re-designed the master bedroom area of this Bearspaw Estate home to maximise the space within the bathroom and to create a large, functional closet room. 'His and Hers' grooming areas were designed to create an at home daily spa experience. Contemporary sliding barn doors make for an impressive entrance to the bathroom area.

A ZEN BATHING EXPERIENCE...

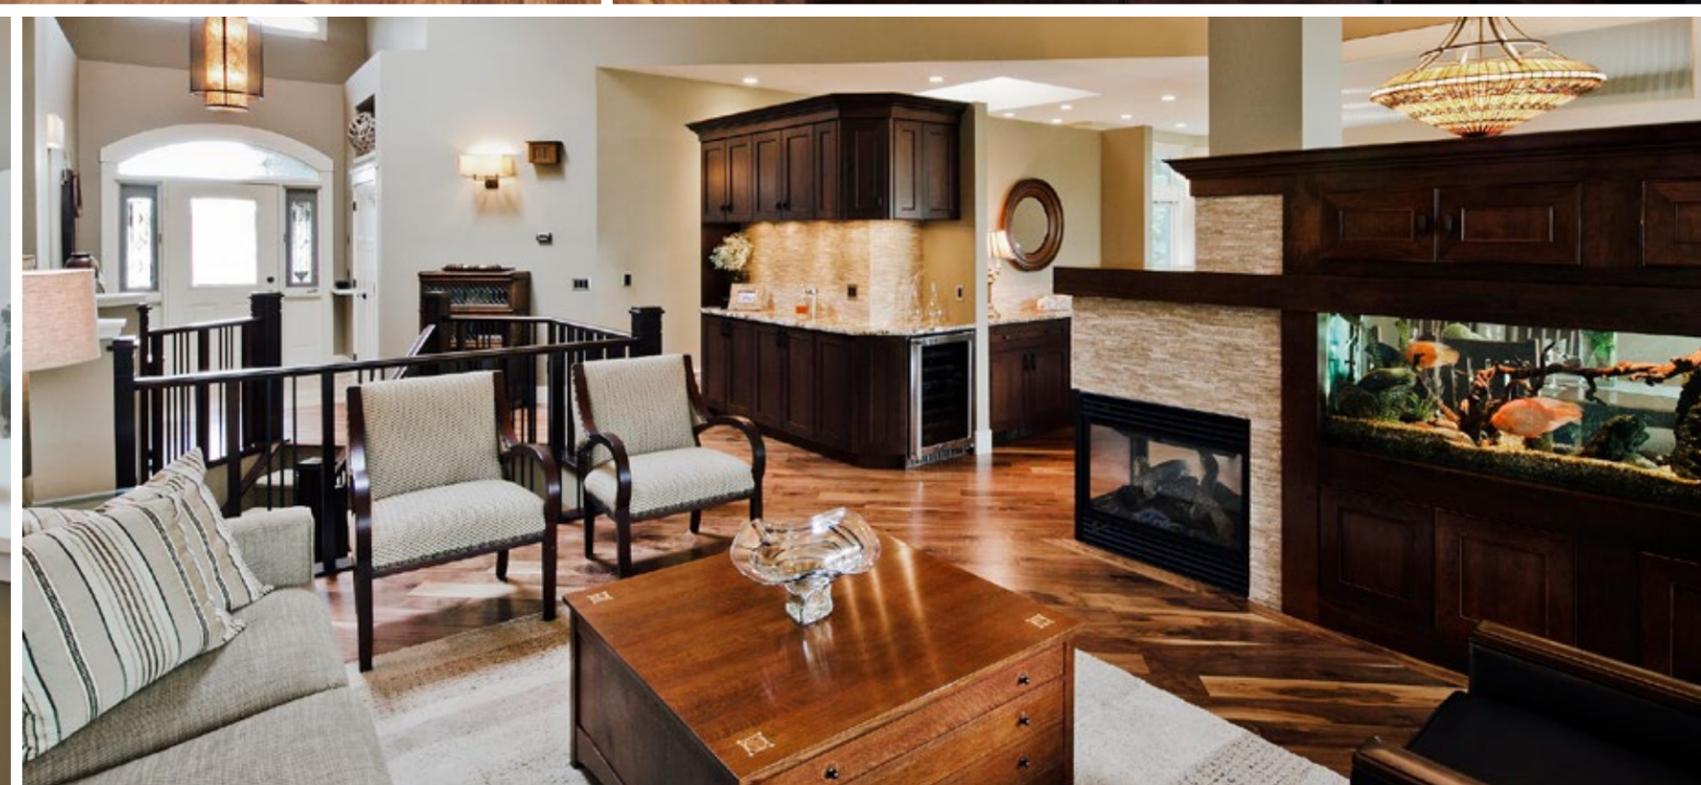

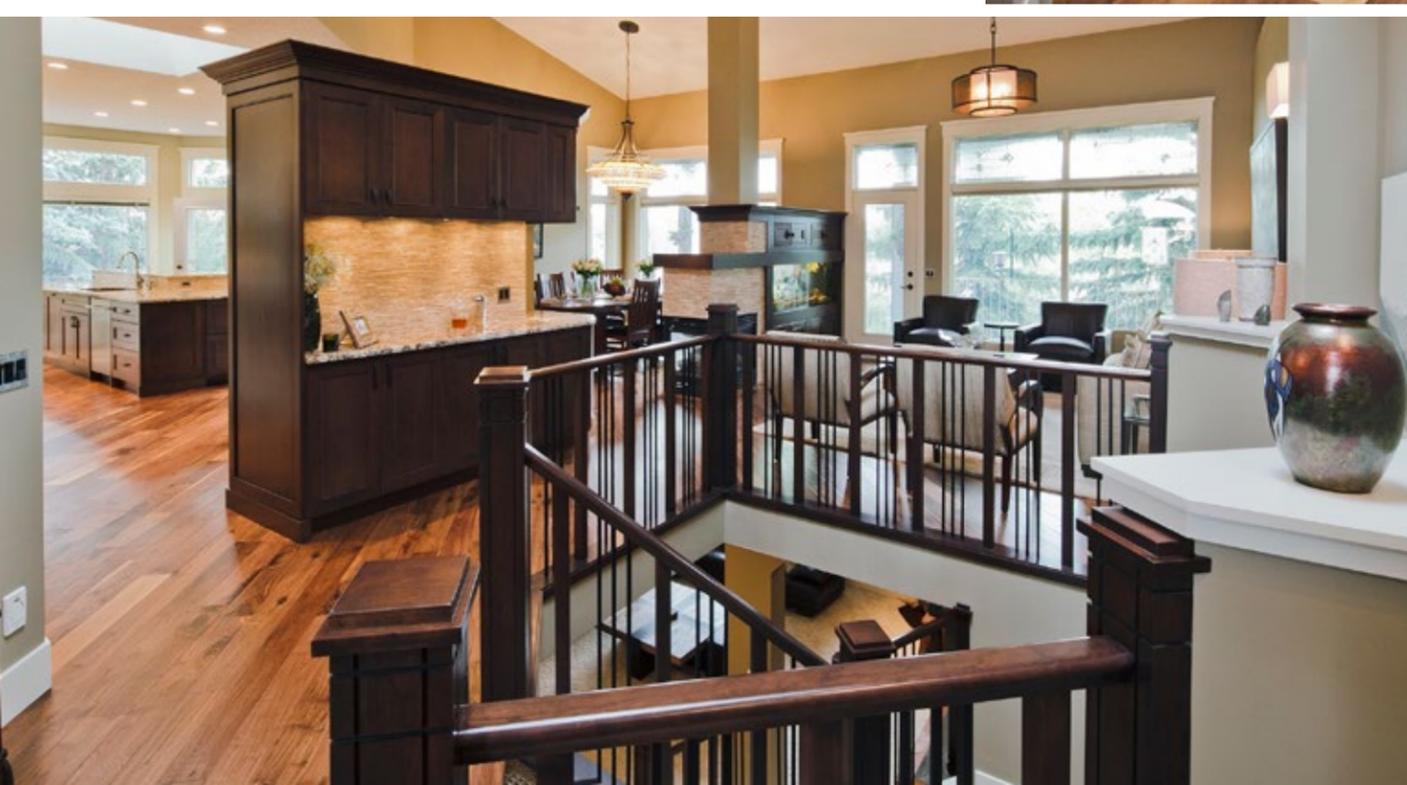

DRESSING IN STYLE

RIVERFRONT LUXURY

We transformed a dated bungalow with a spectacular riverfront location in the South East of Calgary into a beautiful custom designed family home. These wonderful homeowners knew exactly what they wanted and thoughtfully chose every component of their 'new' home.

"Fire Ant Contracting delivers what it promises and on-time for the price quoted - which is rare in this industry. Ed carefully walked us through our decisions and was honest in his feedback about our expectations for the renovation. His crew were respectful while working in my home and always left our home and property in good shape at the end of the day. Any concerns that arose were dealt with immediately. We couldn't have been happier." - Client

LIGHT AND FRESH!

AN ELEGANT HOME RENOVATION.

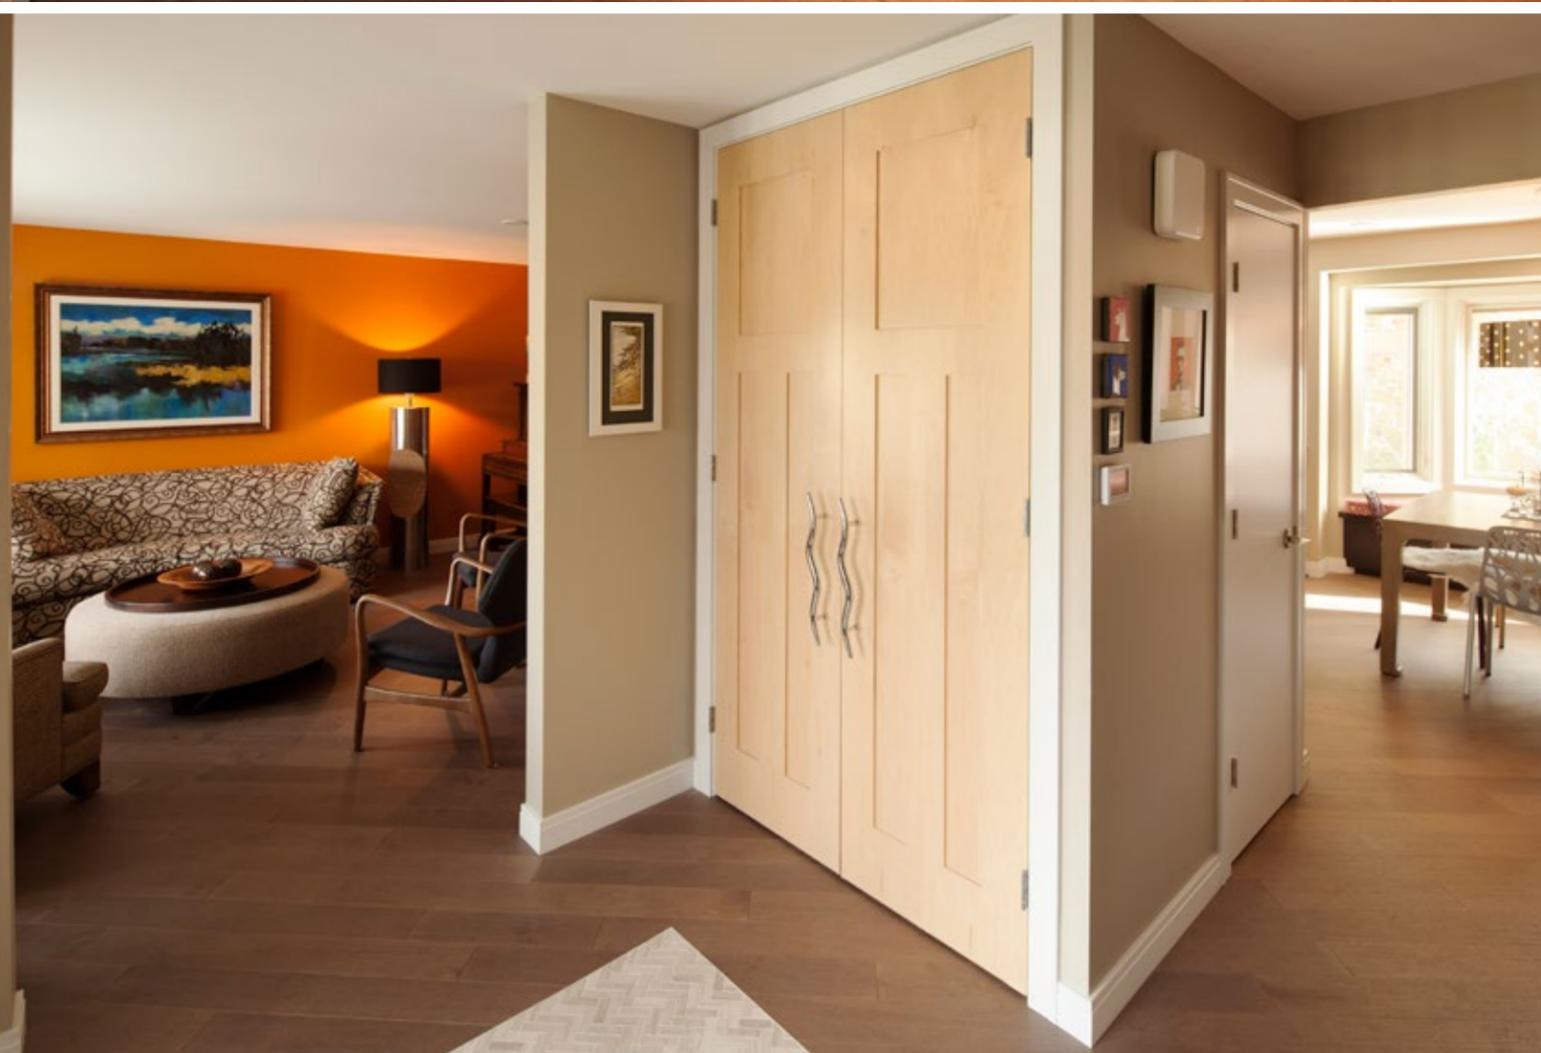

"We did a kitchen and bathroom renovation in our 1960s home with Fire Ant Contracting. We had met our contractor, Ed Bushnell, two years prior but were not quite ready to take the plunge at that time. Ed showed us a project in progress, his own home project, and we saw a finished project during this time period. Ed was personable and honest. We knew he was our guy, but waited the two years before hiring him in August 2015. His whole team was wonderful to work with. Ed was available on his cell and always got back to us within 24-48 hrs. The office staff were excellent I could always count on them to answer my emails promptly. The trade workers were polite and respectful in our home. Thank you Fire Ant. We have more projects in the future and we hope to work with you again!" - Client

MAGNIFICENT!

Clean lines and lots of natural light make this family home a joy to be in. Paint grade white cabinets with a complimentary dark stained maple island. Custom designed granite central island with integrated eating bar, glass backsplashes throughout the home, functional tile floors and warm tones.

A CULINARY DREAM!

An exquisite home renovation in the beautiful Parkland Calgary community. These wonderful clients certainly aren't afraid of a splash of colour! Our designer worked with their creative ideas to re-design the main floor to open up the kitchen area, maximise storage, enhance the views to the back yard and integrate the kitchen with the dining and entertaining areas within the home.

The luxury appliances were selected first and the space was designed around them. A large butler's pantry serves as a bar and coffee area and customized shelving in a second pantry allows this home chef ample storage to cook to her heart's content! Proving that this home was designed to entertain, this kitchen even has two dishwashers!

The only downfall to this kitchen? The homeowner's now say they never go out to eat!

CHILDHOOD CANCER AWARENESS MONTH

September is Childhood Cancer Awareness Month and Kids Cancer Care invites you to join the fight for children with cancer. This year in Alberta, 160 children will be diagnosed with cancer and, of these children, roughly 30 will not make it.

Over 110 of these children will face health problems the rest of their lives. These health problems will be severe and disabling and even life-threatening for about 50 of these kids.
